Invitation

Heart Centre, Lucerne Cantonal Hospital

LUCCA – LUCerne Complex and CALcified PCI Meeting 5.0

Thursday, April 23, 2026

09.00–12.00, Kultur- und Kongresszentrum KKL Lucerne – 4 Workshops;
14.00–18.20, Luzerner Kantonsspital Luzern, Grosser Hörsaal –
various lectures and four live cases, 19.00 welcome dinner

Friday, April 24, 2026

08.30–12.00, Luzerner Kantonsspital Luzern, Grosser Hörsaal –
various lectures and one live case

Dear colleagues and friends,

We are delighted to announce the **fifth edition of our complex coronary intervention meeting, LUCCA – Lucerne Complex and CALCified PCI Forum**. The program will begin on **Thursday, April 23, 2026**, at the Kultur- und Kongresszentrum KKL Lucerne with four dedicated workshops. The opening scientific session will follow at 2:00 pm at the Luzerner Kantonsspital, where the sessions on Thursday and Friday will be complemented by five live cases and a dinner event.

We are delighted that both the meeting and the interest in LUCCA continue to grow year after year. This year's program will place particular emphasis on **intravascular imaging, decision making and management of complex and calcified lesions, and new devices in the cath lab**, with a special focus on drug coated balloons and mechanical circulatory support. Our aim is to create a forum where cardiologists, fellows, allied health professionals, and industry partners can meet, exchange ideas, and engage in open, constructive dialogue on the latest developments in complex PCI. We are pleased to welcome a distinguished international faculty from Europe and North America. Together with our speakers and participants, we look forward to engaging exchanges on indications, management strategies, and next level interventional approaches. In keeping with the spirit of LUCCA, all attendees are encouraged to actively contribute their perspectives and experience.

For those who are interested, an exquisite intravascular imaging workshop led by true experts in the field, which will take place on Wednesday, April 22. As places are very limited, we encourage early registration to secure a spot.

We look forward to your **registration at www.lucca.swiss** and to welcoming you to Lucerne in April 2026. Register soon to secure your place – spots are limited. We are excited to welcome you to Lucerne and to share an inspiring few days of learning, exchange, and collaboration.

From the Heart Center – Luzerner Kantonsspital

Prof. Dr. med. Florim Cuculi
Head of Division Cardiology

Scientific programme

Wednesday afternoon, April 22, 2026

Kultur- und Kongresszentrum KKL Lucerne Clubrooms 3/4

Imaging-Workshop (places are limited)

13.00–14.00 Welcome & snacks

14.00–18.00 **Intravascular Imaging Masterclass – A practical workshop**

From Plaque to Plan: Clinical Decision-Making with Intravascular Imaging

Experts: S. Wilson, G. Leibundgut, H. Faraz, L. Koltowski

and Team Heart Center – Luzerner Kantonsspital

Topics

How IVI – OCT and IVUS – transform one's decision making and practice

OCT and IVUS: The fundamentals → From Plaque to plan

Hands-on: IVUS and OCT case reviewing and discussion (involving workstations)

Plenary discussions: Remarkable cases

15.45–16.15 Coffee break

Thursday morning, April 23, 2026

Kultur- und Kongresszentrum KKL Lucerne Clubrooms 5/6/7/8

Four Workshops (choose three out of four workshops)

08.30 Registration open for workshop participants

09.00 **Start Workshops** (each workshop lasts 50 minutes)

Workshop 1: The CTO-PCI Toolbox: A Tale of Wires and Wisdom by two Legends –

Asahi, Vascular Medical – J. Büttner, G. Werner

Workshop 2: Modern ISR Management – B. Braun – tbd

Workshop 3: DCB in complex and CTO PCI – Cordis – A. Attinger

Workshop 4: Complex PCI with modern DES-Strategies (Bifurcations and more) –

Terumo – F. Woitek

09.50 Coffee break

10.20 Continuation of Workshop Rounds 2 and 3

12.00 End workshops

12.05 Lunch buffet at KKL

13.00 Bus transfer to Luzern Kantonsspital

Thursday afternoon, April 23, 2026
Luzerner Kantonsspital Luzern, Grosser Hörsaal

14.00 **Opening and official Welcome** F. Cuculi

14.10 **Session: Dealing with calcified lesions**
Live case 1 & 2

Moderators: F. Cuculi, P. Meier

Panelists: J. Büttner, G. Werner

Introduction to live case

Operators Live Case 1: S. Bartusz

Operators Live Case 2: F. Woitek, G. Leibundgut

Lectures

15.10 **IVL is the gold standard** J. Spratt

15.20 **High-pressure balloons, what else** M. Bossard

15.30 **Debulk or regret** M. Egred

15.40 **Cut, cut, cut** J. Rigger

15.50 Back to live cases

16.10 Coffee break

16.40 **Session: DCB for complex lesions**
Live case 3 & 4

Moderators: F. Cuculi, S. Wilson

Panelists: A. Kastrati, J. Rigger, A. Papanikolaou, H. Faraz

Introduction to live case

Operators Live Case 3: M. Egred, A. Candrea

Operators Live Case 4: T. Rissanen, M. Elsharabassy

Lectures

17.40 **Dealing with the soft plaque: DCB vs. Stent** A. Kastrati

17.50 **DCB for complex lesions: are we there yet?** T. Rissanen

18.00 Back to live cases

18.20 End first day

18.30 Bus transfer to Lucerne

19.00 Dinner on the MS Waldstätter

Friday, April 24, 2026

Luzerner Kantonsspital Luzern, Grosser Hörsaal

- 08.30 **LUCCA 5.0 meets DANUBE CHIP & CTO Meeting 2026**
2 complication cases AU vs. 2 complication cases CH A. Ceka, C. Zivelonghi and others
- 09.30 Coffee break
- 10.00 **Session: Impella in contemporary PCI practice**
Live case 5
Moderators: F. Cuculi, M. Egred
Panelists: D. Weilenmann, J. Borovac, L. Koliastasis, T. Schmitz, G. Werner
Introduction to live case
Operators Live Case 5: L. Percuku
- Lectures**
- 10.30 **Introduction: How we used to complex PCI cases in the past** D. Weilenmann
- 10.45 **Who needs protection for complex PCI** I. Porto
- 11.05 **Impella for all anterior STEMIs? – Contemporary shock management with mechanical circulatory support devices** N. Mangner
- 11.25 Back to live case
- 11.45 EBAC Evaluation and closing word: F. Cuculi
- 12.00 End of the meeting
- 12.15 Lunch buffet or lunchbag
