

Swiss Working Group «Interventional Cardiology»

Winter Meeting 2020

17 – 18 January 2020

Best Western Premier, Hotel Beaulac | Neuchâtel

Online registration: www.ptca.ch

CMI Credits 6 category 1A

Organising agency: FentEvent GmbH, Bronschhofen, www.fent-event.ch

Dear colleagues, dear friends,

It is with a great pleasure that we announce another exciting Winter Meeting of the Working Group Interventional Cardiology of the Swiss Society of Cardiology on 17 and 18 January 2020 at the Best Western Premier, Hotel Beaulac in Neuchâtel.

The next meeting will take place at a new location. We remain true to the proven concept with presentations of exciting cases from all regions of Switzerland and allow enough time for it. The number of cases of coronary and structural interventions will be balanced. We kindly ask you for instructive and well documented coronary or structural cases (email to stephane.cook@unifr.ch or olivier.muller@chuv.ch). We are convinced that you will present spectacular and emotionally touching cases. As a tradition the best three cases will be awarded.

We will interrupt the presentations of the cases with a quiz: cases and questions on Friday afternoon.

We are curious to see who will win this year's «**Abstract for Award**» and we are especially looking forward to our guest speakers on Friday. **Laurent Sciboz & Nicolas Tièche** are the World Champions of the Gordon Bennett 2019. We will certainly see impressive pictures of their «**Human Adventure**».

After the business meeting we will spend the evening in a restaurant near our hotel.

We are looking forward to another Winter Meeting, with the privilege of many moments spent between colleagues and friends. It will serve, as every year, to exchange ideas in a relaxing and enjoyable atmosphere.

Please do not forget to confirm your participation and to send us many interesting and challenging cases.

We look forward to seeing you all in Neuchâtel.

Stéphane Cook

Olivier Muller
