Invitation

Heart Center, Lucerne Cantonal Hospital

LUCCA – LUcerne Complex and CAIcified PCI Meeting 2.0

Thursday, March 30, 2023 – Radisson Blu Lucerne
14.30 workshops, 18.00 opening session, 19.15 welcome dinner

Friday, March 31, 2023 – Luzerner Kantonsspital Luzern, Grosser Hörsaal
8.30–17.00 – various lectures and three live cases

Dear colleagues and friends,

We are pleased to announce our second complex coronary intervention meeting **LUCCA – Lucerne Complex** and **CALcified – PCI Meeting 2.0**, which will take place on March 30–31 2023 at the Heart Center at Lucerne Cantonal Hospital in Lucerne.

This year, left main interventions will be the focus of the morning sessions. As in the previous year, we would like to conduct interactive discussions about current methods and challenges in the treatment of complex and calcified coronary lesions.

Once again, we were able to assemble an international faculty with experts from Europe and North America with whom we will discuss indications, treatment options and techniques. Our objective is to create an interactive environment. All speakers and participants will be encouraged to share their views and practices.

The meeting will start on Thursday, March 30, 2023 at the Hotel Radisson Blu in Lucerne with workshops. Thereafter, we welcome all participants to join the opening session and the welcome dinner. The sessions on Friday, March 31, 2023 will be accompanied by three live cases, interesting discussions and presentations.

We look forward to your registration at luks.ch/lucca and to welcoming you in Lucerne in March 2023.

Heart Center Lucerne Cantonal Hospital

Prof. Dr. med. Florim Cuculi
Head of Division Cardiology
Course Director
