

Swiss Working Group «Interventional Cardiology»

Winter Meeting 2023

20 – 21 January 2023

Best Western Premier, Hotel Beaulac | Neuchâtel

Online registration: www.ptca.ch

CMI Credits 6 category 1 A

Organising agency: FentEvent GmbH, Bronschhofen, www.fent-event.ch

Dear colleagues, dear friends,

It is with a great pleasure that we announce another exciting Winter Meeting of the Working Group Interventional Cardiology of the Swiss Society of Cardiology on 20 and 21 January 2023 at the Best Western Premier, Hotel Beaulac in Neuchâtel, as three years ago.

We stick to the concept of presentations of complication cases from all regions of Switzerland and allow enough time for it. The number of complication cases of coronary and structural interventions will be balanced. We kindly ask you for instructive and well documented coronary or structural cases (email to miriam.brinkert@ksa.ch and rainer.zbinden@szb-chb.ch).

We are convinced that again, you will present spectacular and emotionally touching cases. As a tradition, the best three cases will be awarded.

We will interrupt the presentations of the cases with a quiz: cases and questions on Friday afternoon and Saturday morning.

We are curious to see who will win this year's «Abstract for Award» and we are especially looking forward to our guest speakers.

After the business meeting we will spend the evening in the restaurant «Du Peyrou» near our hotel.

We are looking forward to another Winter Meeting, with the privilege of many moments spent between colleagues and friends. It will serve, as every year, to exchange ideas in a relaxing and enjoyable atmosphere. This is an «in person» meeting, there will be no possibility to join the meeting online.

Please do not forget to confirm your participation and to send us interesting and challenging cases.

We look forward to seeing you all in Neuchâtel.

Miriam Brinkert

Rainer Zbinden
